

## WHAT PRISONERS' EDUCATION TRUST DOES

Over the last 25 years, Prisoners' Education Trust has provided over 30,000 men and women with learning opportunities to prepare for a fresh start on release. The few quotations below show just how much these opportunities are appreciated.

*"Studying gave me a sense of achievement; working to complete assignments every month, getting a grade and passing each time was really motivating. Continuing to read, learn and write essays also kept me focused on my goals. The fact that I achieved what I set out to do in prison helped me on release. With my business I've accomplished what I wanted to do 5 years ago. I continue to think like that now - I know if I set my mind on something I can do it."*

*"With your support I can gain qualifications and complete courses in this subject, as I think this will be a major factor to help me not to re-offend; I think it's about time to stop the life of crime around me. I do not want to come back. When I have a job in this subject I can start a new life for me and my family."*

*"I would just like to take the time in thanking PET in supporting me through my educational years whilst being in prison. I can honestly say with hand on heart that I owe you my life for the change studying has done for myself and family."*

*"Please could you offer my thanks to the trustees that had sufficient faith in me to provide the funding for the university courses that I undertook. These courses have provided me with the necessary skills for the job that I now have."*

---

The South London Supporters' Group helps Prisoners' Education Trust by holding fundraising events to support its Access to Learning programme for prisoners across England and Wales.
